

High Point Engineering

Chris Tartaglia, PE Principal

Chris is a Partner and co-owner of High Point Engineering. Upon graduating from Northeastern University in 1991 with a Bachelor of Science Degree in Civil Engineering, he was employed by Exxon Oil Company in the capacity of managing and designing the construction and maintenance of gasoline service stations as well as management of Environmental remediation operations. After spending 7 years in this capacity with Exxon in various areas of the Country including New York, Massachusetts, and California, he left to pursue a career in private Consulting Engineering with Bohler Engineering which had specific emphasis on retail and industrial developments such as supermarkets, big box chain centers, service stations, fueling terminals, maintenance facilities, convenience stores, car washes, and related projects. After nearly 8 years with Bohler, Chris left and formed High Point Engineering in 2004 with services including site planning and design, internal vehicle traffic analysis, building and structural design, sewer network design, underground storage tank system designs with distribution piping and components, grading, drainage, stormwater management systems, computer modeling, detention basin analysis, stream encroachment applications, environmental evaluations, roadway designs, earthwork as a structural element, sewer and septic design systems, soil erosion/sediment control plans, construction details, lighting and landscaping designs, retaining wall analysis/design, zoning analysis, and related engineering design fields including Expert Witness services provided in support of litigation cases, representing both Claimants and Defendants in both the Public and Private Sectors.

Chris has testified as an expert in over 100 different Municipalities before Planning Boards, Zoning Boards, Town Boards and Architectural Review Boards in the State of New York and Connecticut.

EDUCATION:

Bachelor of Science - Civil Engineering Degree, Northeastern University, Boston, MA

LICENSES:

New York Professional Engineer, #078209-1

California Professional Engineer, #C59692

New Jersey Professional Engineer, (pending)

PROFESSIONAL AFFILIATIONS:

American Society of Civil Engineers, Member

National Society of Professional Engineers, Member

High Point Engineering, LLC
1860 Walt Whitman Road
Suite 600
Melville, NY 11747
